Hi Ken,

Just closing the loop on a couple of items from your May visit. Attached is a 1 pager describing our centralized Freedom of Information Act Program and the most current draft agenda for our June 28-29 EPA/State Environmental and Oil and Gas Senior Leaders Meeting. I look forward to seeing you in late June. I understand Justin Schwab may also attend the June meeting. If there are others you think would like to attend from HQ they are more than welcome.

Deb
